E. T. Wedel, a contractor from Bradford, is preparing to drill a well on the H. W. Tracey lands, Warrant 5193, in Kingsley township. The well will be located on the Reek run branch of Ross run and will be put down by a Bradford company.

While Mrs. R. L. Haslet was using the bake-oven of her stove Saturday afternoon an explosion of gas burned her left arm and face severely. She suffered much pain but the attending physician does not expect any permanent injury or scars to result from the accident.

M. S. Carnahan finished a well last Thursday on the Wheeler, Dusenbury & Co. lands, a short distance west of the township house, below Newtown Mills, Kingsley township, which was dry so far as oil was concerned, but a fair showing of gas was found and the casing was left in the hole. The well was drilled through the Queen sand to a depth of 1197 feet.

The Derrick's oil report for the month of June shows, for the fields producing Pennsylvania oil, 794 wells completed; 7,225 barrels of new production; 172 dry holes and gas wells; 1,076 rigs and drilling wells under way. Compared with May these figures show an increase of 109 in completed wells, an increase in new production of 3,108 barrels, an increase of 30 in number of dry holes, and a decrease of 17 in gas wells.

The Fieldmore property near Titusville may, like the great Hotel Rider at Cambridge Springs, be converted to school uses. Dr. S. N. Burchfield, the owner of the attractive property and health resort, is in negotiation with the management of the Muncie Indiana Normal institute of that place for its purchase. The property comprises over 500 acres of land and a hotel building that is second to none in Northwestern Pennsylvania.

No Paper Next Week.

The REPUBLICAN will be conspicuous by its absence next week, holding fast to the customary "week off" on account of the recurrence of the ever glorious Fourth. The office will be open for business during the week, however, and the more the better, so don't hesitate to call if there is any money involved and especially if it should be coming this way. Our next issue will appear July 16. Meanwhile may everybody have a good time.

Mrs. Harry Lusker, who was operated upon at the Oil City hospital Monday of last week, has so far recovered that she has returned to her home at Hickory.—Vanango Herald, 24th ult.

An all-day meeting will be held in the grove near the Free Methodist church at Newmansville, next Friday, July 4th. The morning service will begin at 11 o'clock, afternoon at 3 o'clock and evening at 8 o'clock. Rev. G. A. Garrett, the pastor, will have charge of the services and will be assisted by Rev. M. Webster, of Tyersburg, and Rev. F. A. Reese, of Tidoute. In case of rain the services will be held in the church. Everybody cordially invited.

The last will of Mrs. Cumings of Tidoute, who was recently killed in an automobile accident in Baltimore, was probated at Warren Friday. After providing for an annuity for her niece, Sarah Sink Gorman of Rome, N. Y., and in case of her death, for her son George C. Gorman, of \$400 the year, the balance of her estate went to the six children of the deceased, share and share alike. The will was drawn Jan. 29, 1913, and Harry H. and Abigail Cumings were named as executors.

Earl Mealy, of Endeavor, lost a pocketbook containing \$170 while sitting in the porch swing at the Hotel Weaver, here, last Wednesday afternoon. The book was found a short time later by two small boys, who did not realize the value of their find, and proceeded to divide the wealth, which was in fives, tens and twenty dollar bills. The mothers of the lads soon discovered their "flush" condition and after a little investigation were able to return the book and money to the owner, minus just 15 cents which had been spent for candy.

The school board of Harmony township has elected the following teachers for the ensuing year: West Hickory, High School, Miss Alice Siggins, principal; No. 3, Miss Margaret M. Morrow; Fagundus, Miss Maud Head; Newtown, Miss Clara Benedict; Allender, Miss Bess Sigworth; Washington, Miss Clara Henry. The Fleming Hill school has been discontinued and the pupils there will be transported to West Hickory. Length of term, eight months, to begin Sept. 1st. The tax levy is 20 mills.

Sunday morning, June 21, Thomas Campbell, a former resident on Blue Ridge, near Clarinton, this county, was discovered dead in his bed at his home at Youngville, Pa. It is supposed that the man died at about four o'clock in the morning but nothing was known of his death up to the time that his wife called him for breakfast at about eight o'clock. Receiving no response to her calls she went to his room and found the dead body of her husband lying in bed. Heart trouble is attributed as the cause of his sudden demise. He was 61 years of age and had been a resident of Youngville for the past two years. A wife of a second marriage and five children are left to mourn his death.

Day after tomorrow will be the fourth of July in this great land of the free—in other words, the day a whole lot of people celebrate. Here in Tionesta there will be nothing doing out of the ordinary, and so it is reasonable to suppose the observance will be one of the safe and sane kind. Other precincts may get up on their hind feet and howl and raise mullion to their hearts' content, shoot cannons, big firecrackers, drink red lemonade and other red liquids, probably, and get up next morning with a big brown taste and swollen head if they like, but as for this people no such dippy stunts will be pulled off. Tionesta will celebrate in an ordinary fashion and have enough left to sober up on next morning.

Twenty-one members of the sophomore class of State College, in company with four professors are spending eight weeks camping in the woods on the Wheeler & Dusenbury timber tract between Endeavor and Kellettsville. Prof. R. R. Chaffee is their instructor in the lumbering and woods surveying branches of Forest study. The staff of instructors consists of an expert in Silviculture and Dendrology, Forest Botany and Forest Utilization. The camp is in charge of Professor J. A. Furgerson and is for the purpose of instructing the student in all branches of Technical and Practical Forestry. They are a happy and healthy looking crowd as well they may be living as they are so close to nature.

Mrs. Joseph B. Pierce, of the Hotel Weaver, was called to her former home at Toronto, Ohio, Sunday, by the sudden death of her only sister, Mrs. Mary McFadden Stokes, wife of Frank Stokes, which occurred at 1:15 Sunday morning, June 29th. While Mrs. Stokes had been in falling health for some time, her death was not expected and her sudden taking away was a great shock to her family and friends. She was taken violently ill at 11:30 Saturday night, suffering with internal hemorrhages, and the efforts of skilled physicians and those who watched were futile and death came peacefully. She was the daughter of John and Mary McFadden and was born at Toronto fifty-two years ago. Practically all her life was spent there. A lady deeply interested in her home, and possessing those attributes which are most admired in woman, she was admired and loved by all who knew her. She was a lifelong member of the Presbyterian church and was vitally concerned in the religious as well as the social life of the town. Oct. 27, 1886, she was united in marriage with Mr. Stokes, who survives her, together with one son, Parks, her mother, Mrs. Mary McFadden, and sister, Mrs. Pierce. The funeral service was held Tuesday afternoon at the family home, with interment in Toronto Union cemetery. Mr. and Mrs. Stokes and son will be pleasantly remembered as visitors in Tionesta. To Mrs. Pierce the sympathy of the entire community will be extended in the great weight of sorrow that has fallen upon her.

The REPUBLICAN acknowledges a pleasant call yesterday from Rev. H. E. Phipps, the popular pastor of the Marienville M. E. church, who autoed over with Commissioner McClellan and was a guest for a few hours of J. B. Cottle. Despite the wide publicity the new fish laws have received at the hands of the press there are many bass fishermen who have not yet straightened out in their own minds whether or not they can fish from a dam. The law states that fishing will not be allowed inside of 150 feet up or down stream from any dam if it is posted. If not posted there can be no arrests. In a conversation with State Fish Warden Albert he stated that it is altogether probable that no dams will be posted in this section during the present year.—Warren Mirror.
